

# Aloha!

## Welcome to the Leilani Farm Sanctuary

The sanctuary was named in honor of Leilani, the farm's first resident donkey

Leilani Farm Sanctuary, located on a lush 8-acre farm in Haiku, Maui, provides a home for chickens, cats, goats, rabbits, donkeys, peahens, pigs, deer, and ducks. The sanctuary is an all volunteer, non-profit organization created to provide shelter and care for rescued animals, and humane education to the community.

There are rolling green pastures for goats and donkeys to graze, hundreds of trees for the cats to climb, jungle environments for the chickens to explore, and a shady garden for the rabbits to enjoy.

Would you be willing to sponsor one or more of our resident animals? Visitors who meet the animals are often deeply touched by these amazing and lovable beings. They've seen compassion-in-action and have glimpsed the real possibility that all living beings can be treated with caring and respect. These encounters have resulted in genuine healing—on both sides of the equation. **All are enriched by the love that is shared here.**

Imagine a world where people live in harmony and peace with all of Earth's inhabitants

*your donation makes a difference*

260 East Kuiaha Road • Haiku, Hawaii 96708

## Awaken Your Compassion

a paradise for rescued animals

We are a *refuge* for animals ... a *safe haven* for those fortunate enough to have found their way here.

Consider how much Leilani Farm Sanctuary means to an animal who was neglected or abandoned, and now has a new beginning.

Think of the child who connected with one of our animal residents and learned to have compassion and respect for all living beings.

Imagine a world where people live in harmony and peace with all of Earth's inhabitants—**and know you are helping create that world with your sustaining support of the Sanctuary.**

Visiting your farm was the highlight of our trip. It fills my heart with hope and joy to know you are providing relief and comfort for the animals.

— Channin

I so enjoyed the tour of your beautiful grounds and visiting with all the animals. It only takes a minute to see the mutual respect and love you have for one another.

— Evelyn

## Harmony

*a place where humans and animals thrive*

Our operative word is “community.” Animals live in harmony with each other, as their deeply-ingrained cooperative ethic, based on survival, shapes their world—**and also informs ours.**

Leilani Farm Sanctuary provides a healthy, happy home for animals saved from neglect, abuse, or slaughter. It offers caring humans an opportunity to engage them in a natural setting where they're all loved, and their basic needs are attended to.

## Healing

*all are enriched by the love that is shared here*

- Lehua, our donkey, had lived her life under the dark crawl space of a house, unable to graze and completely isolated from other animals.
- One very endearing deer and several goats were orphaned when hunters shot their mothers.
- Some of our rabbits and chickens had been given to children as holiday presents, then later discarded when they became too inconvenient to care for.
- Many of our roosters were liberated from cockfighting compounds.

*each rescued animal has a unique story*

**May we all thrive, in peace and in a spirit of oneness—and may we always act responsibly, in ways that will benefit all sentient beings.**
